Jobs Description DOD Acquisition, Fleet Training
Summary Description 2 Circle Consulting provides niche support to the fleet and warfighter, leveraging the operational experience and expertise of our employees to provide best-in-breed products and services. We are a small company and as such, support very specific and focused efforts. Any opportunity we can support would be on a case-by-case basis based on the efforts & customers we support -- and the candidate's skill set. Efforts are largely military aviation-based, and in line with former aircrew; however we also employ engineers and acquisition professionals.
